

Nine Universities, Compared in Detail

Every course, date, hour and euro at the nine Spanish universities on your shortlist — and which of them will sell you enough consecutive teaching to pass 180 days.

THE TEST EVERYTHING IS MEASURED AGAINST

Your permit lasts **the course, plus up to 45 days** — one month before, fifteen after (Art. 55.2). If the total **exceeds 180 days** you get a TIE and a real residence. Below it, a visa sticker and a flight home.

But the 45 days is **optional and waivable in writing** (Instrucción TERCERA.1). So the only safe design is a course that clears 180 days **on its own length**. That is the single question this document answers for each university.

The answer, up front

UNIVERSITY	LONGEST SINGLE ENROLMENT FROM Q1 2027	DAYS	COST	CLEARs 180?
Cáceres — IELE	11 Jan → 17 Dec 2027, one product	341	2.500	✓ yes

THREE OF THE NINE KEEP YOUR MONEY IF THE VISA IS REFUSED

Almería — *"No se considerará causa justificada... la denegación del visado"* — "Visa refusal shall not be considered justified cause."

Murcia — *"no se devolverá el importe pagado... aunque se trate de una causa de fuerza mayor"* — "the amount paid will not be refunded, even in a case of force majeure."

Oviedo — refunds only where the university cancels; a visa refusal is attributable to you.

IELE — Universidad de Extremadura, Cáceres

341 days in a single product for €2,500. The only full academic year in Spain that starts in January.

Timetable **16:00–20:00, Monday to Friday** — afternoons, which leaves mornings free for work. Levels A1 → B2 (C1 exists in the teaching plan). Absolute beginners accepted on both intakes: *"No special requirements are needed to enroll."* Class size minimum 5, maximum 20. Coursebook ~€30 extra. Total programme hours: not published.

THE JANUARY DATE IS SETTLED: 11 JANUARY 2027

Their site carries two answers. The **Intensive Spanish Program** page says **18 January**; the **FAQ, the May 2026 brochure, the August 2026 healthcare brochure and the One-Month Course** page all say **11 January**. Four sources to one, and the most recently dated asset is among the four. **11 January is current; the 18 January line is stale.**

BUT THE CHECKOUT CONTAINS NO DATES AT ALL

IELE's booking system is a flat list of tickets — programme name, price, nothing else. **No date picker, no term selector, no intake selector.** Dates are settled by email afterwards: their FAQ asks the student to supply *"the course start and end dates"* when requesting the admission letter.

That is administratively loose for a visa file, and it is exactly why the site can carry two January dates without the booking system contradicting either. **Get the dates in writing before you pay.**

Payment

Two instalments of **€1,250**, sold as separate tickets — one before the course starts, one in the third month. Card or transfer to Santander, IBAN ES64 0049 6147 62 2310004962, beneficiary Fundación Universidad Sociedad de la UEx. Registration closes one month before the start. No separate enrolment fee.

Visa documents — the most complete of the nine

- **Offer Letter** — before payment, on request by email
- **Letter of Admission** — after enrolment; send passport copy and proof of payment
- Invoice or receipt via contafuex@unex.es
- **Free deferral if the visa is slow:** "you may postpone the start of your course to a later edition without any inconvenience"

"If a student's study visa application is refused... the student may request a refund by submitting an official copy of the visa refusal letter... within seven (7) calendar days... A **€150 administrative fee**, together with any bank charges, will be deducted."

Refund minus €150. Claim within 7 days of the refusal; processed within 60 days. Note their FAQ promises "one or two weeks" — the legal page's 60 days governs.

Insurance — they arrange it

INSURER	AGE 0–36	OLDER
Asisa	36 €/mo	45 €/mo (37–65)
Allianz	40 €/mo (0–44)	50 €/mo (45–65)
Sanitas	53 €/mo (0–30)	—

Minimum contract three months. At Asisa's rate, 12.5 months costs about **€450**.

The award — and the one real weakness

"El estudiante tiene derecho a la obtención de un **certificado oficial de la Universidad de Extremadura** en el que se detallará el nombre del curso, el lugar de impartición, la duración y el nivel de dominio. El certificado será **de aprovechamiento** si el estudiante cumple con todos los criterios de evaluación... y será **de asistencia** si no completa las pruebas evaluativas y asiste a un porcentaje mínimo de las clases (80%)."

"The student is entitled to an official certificate of the University of Extremadura stating the course name, place of delivery, duration and level of proficiency. It will be a certificate of achievement if the student meets all assessment criteria — including a mark out of 10 — and of attendance if they do not sit the assessments but attend a minimum 80% of classes."

IELE AWARDS NO ECTS

None. León gives 20 ECTS per term, 60 for a year. If credits matter for your master's application, this is the trade-off you are making for the price.

Accommodation, holidays, living costs

IELE does **not** manage accommodation — it publishes a link list (idealista, milanuncios, erasmusu, five residences, five hostels) and recommends a Booking.com reservation as visa proof. Their own estimate of monthly living costs: room €250–300, food €150–200, utilities €50, transport €20–30, leisure €80–120 — **€500–600 a month**, which matches the independent figure of €535 for Cáceres.

2026 closures: 1–11 January · 30 March–5 April · 1 May · 29 May · **all of August** · 8 September · 12 October · 2 November · 7–8 December · 21–31 December. Office Mon–Fri 09:00–14:00; centre open 08:00–22:00. Staff speak English, Portuguese, Italian, Dutch. 2027 list not published.

THE 341 DAYS CONTAIN A TEN-WEEK TEACHING GAP

The January intake has an unpaid holiday period **30 June – 9 September 2027**. That is normal inside an academic year and does not shorten the authorisation — but know it is there, and that it is when you would work full hours.

Centro de Idiomas — Universidad de León

Refuerzo	40	4	1 Mar – 12 May 2027	275
Online A1 prep	20	–	rolling	not publ.

Timetable 09:30–11:30, break, 12:00–14:00 — mornings. Price includes teaching, materials, an excursions package **"valorado en 200 €"**, the certificate and Wi-Fi.

THE FORM IS A GENUINE MULTI-COURSE BASKET

Five independent checkbox groups, **no radio buttons, no mutual exclusion, and no script limiting selection**: six trimesters · summer (with a weeks dropdown) · four intensives · two refuerzo · online A1. Tick any combination, press **"Calcular el importe de la matrícula"**, then one **"Inscribirse"**, one set of personal details, one visa dropdown, one payment. It is genuinely one enrolment.

The longest Q1-2027 stack: winter + spring + summer (9 wks) + both September intensives + autumn 2027 = **7 January** → **21 December 2027, 349 days**. Cost **€5,725**.

TWO CAVEATS ON THAT €5,725

The three-term rate is published with no statement that the terms must fall in one academic year, and that stack straddles 2026-27 into 2027-28. Whether the calculator applies the package rate across the boundary **can only be confirmed by running the form**. At single-term rates it would be **€6,325**. And the summer 2027 prices are carried over from the 2026 table.

Payment — instalments, with a hard consequence

- **50% within 10 days** of enrolling — this is the reservation. Non-payment cancels it.
- Balance **one month before** the course — or **four weeks** if an invitation letter was issued

- "si no pagas a tiempo, **informaremos a las autoridades** de que tu matrícula ha sido cancelada" — "if you do not pay on time, we will inform the authorities that your enrolment has been cancelled"

Visa documents

The form carries a dedicated dropdown: "**Necesita certificado para visado: Sí / No.**" The *Carta de Invitación* is issued once the reservation payment clears, and "*se expedirán, como mínimo **tres meses** antes de la fecha de inicio*" — at least three months before the start. Send: passport photo on white background, passport copy, proof of payment, medical insurance copy.

"Si hemos emitido carta de invitación, sólo podremos devolverte el importe de la reserva si la embajada te niega el visado... Importante: **Descontaremos 500 €** para cubrir los gastos administrativos."

"If we have issued an invitation letter, we can only refund the reservation amount if the embassy denies your visa... Important: **we will deduct €500** to cover administrative costs."

€500 IS THE HARSHTEST REFUSAL DEDUCTION OF THE NINE

Cáceres deducts €150 and La Rioja €150. Cancelling before an invitation letter is issued costs €200; changing dates costs €200 with three weeks' notice; **50% of any accommodation payment is non-refundable "por ningún motivo"** — for any reason whatsoever.

Levels, credits, accommodation

The form's level dropdown offers **Nulo / Inicial / Intermedio / Avanzado** — absolute beginners accepted on every date it sells. After enrolling you sit an online placement test plus a Zoom interview "*que nos permitirá confirmar la disponibilidad de un grupo adecuado a su nivel*" — a suitable group is **confirmed, not guaranteed**. Class size and minimum to run: not published.

20 ECTS per trimester, 60 for three — on 80% attendance and a mark of at least 5/10. Intensivo and refuerzo carry 3 ECTS each. Award: "*Certificado acreditativo de haber realizado el curso.*"

Host family, single room, full board, Wi-Fi and laundry: **€29/day** (€31 under 18), special diets +€3 — about **€870 a month**. University residences signposted only. **Insurance not included**; a copy of your own policy is a required enrolment document, and the secretariat can arrange cover on request at an unpublished price.

THEIR CALENDAR IS OUT OF DATE

The published PDF is headed "**CALENDARIO 2025-2026**" and its course dates are last year's, while the form sells 2027 and 2028. The only closure it marks is 24 April. The 2026-27 and 2027-28 calendars are not published.

Timetable Mon–Fri 09:00–13:00. Levels **A1 to C2**; placement test before every start. Absolute beginners accepted at every start **except** the three morning intensives from 24 May, which are A2 and above. Class maximum: not published — only *"el número de alumnos en cada clase es reducido."*

THE FORM IS A CHECKBOX BASKET

Headed **"Seleccione los cursos en los que está interesado"** — "Select the courses you are interested in" — over **twelve checkboxes**, no radio group and no limit. One submission can carry the annual or four-month block plus every intensive.

AND IT LANDS TWO DAYS SHORT

Cuatrimestral (11 Jan → 19 May) + the three morning intensives to 7 July = **11 January to 7 July 2027 = 178 days**, €2,185. **180 is the line.**

Jaca in August would settle it — roughly 229 days — but Jaca is a **separate form**, so a second enrolment, it is in the Pyrenees rather than Zaragoza, and **the August 2027 dates are not published.**

This is the one case where the +45 days is worth putting to the consulate directly, because you would be asking for two days, not two months.

Payment, refunds, insurance

Transfer only, Banco Santander IBAN ES15 0049 6725 47 2010009544. **Instalments on the annual course only:** €357 at enrolment, €1,873 fifteen days before the start. Everything else in full before the course. No enrolment or materials fee; the textbook is excluded. Erasmus discounts exist but are capped at "*un único curso.*"

Insurance is not sold and not included — students must bring their own cover.

*"...los documentos que acrediten las circunstancias sobrevenidas que puedan justificar tal devolución (enfermedad o accidente graves y **denegación del visado**)."* ... *"la cancelación de la inscripción en cualquier curso conlleva unos gastos del **16 % sobre el importe total**... no se devolverá cantidad alguna si la cancelación no se hace con al menos **30 días naturales** de antelación."*

Visa refusal is an accepted ground for refund — but 16% of the total is retained (about €350 on a €2,185 stack), and you must cancel at least 30 days before the course starts, which is tight against a consular decision.

Visa documents — one sentence, and a condition

*"Los certificados de admisión para solicitar el visado **conlleven el pago completo del curso.**"*

"Admission certificates for applying for the visa **require full payment of the course.**"

That is the only statement published. There is no dedicated visa page and no other conditions.

Award and accommodation

"Certificado de aprovechamiento expedido por los Cursos de ELE de la Universidad de Zaragoza" — requires 85% attendance and passing the tests; exam fee and certificate included. In Jaca, a *certificado de asistencia* plus an optional *Diploma de Suficiencia en Lengua Española*.

Zaragoza accommodation: colegios mayores or host families via the university service — **prices not published**. **Jaca residence, full board, is fully priced:** a fortnight €517 shared / €596 single; the full month €1,133 shared / €1,305 single. Paid by card at the residence; no refund for early departure.

Holidays: not published as a list — *"los días festivos están incluidos en el calendario académico"*, i.e. already netted out of the 575 contact hours. **Stale:** the *cursos específicos* and *conversación* pages still show 2025-26 dates, and the Jaca form URL still reads *jaca-2025*.

NO STACKING – THE FORM IS A SINGLE-CHOICE DROPDOWN

<select name="id_curso" required> with no multiple attribute. Eleven options, and **no summer course appears in it at all**. One course per enrolment. Adding the summer course means a second, separate application: 11 Jan → 23 Jul = 194 days for €3,540.

"Denegación de visado: Si la solicitud de visado es rechazada por la Embajada/Consulado español, se devolverá el importe de la matrícula **descontando 150 €** en concepto de gastos de gestión."

"Visa refusal: If the visa application is rejected by the Spanish Embassy/Consulate, the enrolment fee will be refunded, **deducting €150** for handling costs."

WHAT THE FEE INCLUDES – THE MOST GENEROUS OF THE NINE

Travel health insurance, teaching materials, guided city and museum visits, provincial excursions, the diploma, accommodation-search help and use of university services. It is the only centre of the nine that bundles insurance.

Award: a diploma stating level, subjects, hours and marks — explicitly usable *"como transcript para obtener créditos"*, a transcript to convert into credits **at your home university**. **No ECTS awarded** except 3 on the Erasmus course. As a Tunisian graduate not enrolled anywhere else, that means no credits at all.

Accommodation: host family, full board, **€800/month + €50** management fee. One month minimum, then renewable; ten days' notice to leave. **Optional SIELE certificate €155**, free on the summer course. Cancellation otherwise: 50% back at 30+ days, 20% at 7–30 days, nothing inside a week. One date change allowed, €50.

STALE

Summer literature page still shows 2026 dates; both summer enrolment links say "antes del 21 de junio del 2026"; the normativa and visa pages were last modified 26 July 2024.

Pre-enrolment fee €230 on top of the Spring price. Mornings 09:15–14:00 — 3 h language plus 1 h workshop. Levels A1–C2, placement test on day one. **Class maximum 15**, the only one of the nine to publish a cap.

THE END DATE IS NOT PUBLISHED, AND AUTUMN 2027 DOES NOT EXIST YET

Both the English and Spanish pages give only the four start dates — **no end date in either language**. Twenty-one weeks from 7 January runs to roughly **2–4 June 2027**, which is a derivation, not their figure. The Autumn page still shows only 2026 intakes, so there is no 2027 autumn product to add at booking. Their only extension route is a conversation: *"If you wish to extend the course period and stay longer, just let us know."*

Their booking system sits behind a login, so unlike the other eight I could not inspect what combinations it allows.

*"Visa refusals: If the course has started, there is no refund. The student has to prove Visa refusal with an official document and a **fee of 200 €** will be charged. If no official document is presented, there is no refund."*

Refund minus €200, and only before the course starts.

Beginners: accepted across all four Spring starts — but note that in Autumn *"Beginner students start on September 28th"* only. **Insurance included** in the fee. Award: *"Diploma + 1 Transcript + ECTS credits"* — **the number of ECTS is not published**. No visa document is named anywhere on the site, which is a real gap against Cáceres and León.

Accommodation: family full board **€39/night**, half board €34; flat single room **€18/night** with utilities and Wi-Fi; residence €27/night single, June–August only. Payment and accommodation costs due 15 days before the start; no instalment plan. Under-18s not admitted to Spring. Closure calendar not published.

TWO GENUINE PACKAGE DISCOUNTS — THE ONLY CENTRE WITH THEM

"Deducción por matrícula conjunta en los cursos Trimestral + Semestral: **526 €**" and "Deducción por matrícula en un segundo o tercer curso intensivo general de verano: **219 €**". But the first requires an **October** start, and the €526 deduction does not bridge spring into summer.

NO REFUND IF THE VISA IS REFUSED

"solamente procederá la devolución... cuando, **por causas no imputables al sujeto pasivo**, el servicio no se preste por la Universidad" — "a refund shall only be due when, for reasons not attributable to the taxpayer, the service is not provided by the University." A visa refusal is attributable to you. And: "No se devolverá el dinero si es el alumno quien decide cancelar la matrícula."

No visa page and no admission letter is described anywhere on the site. The full sitemap was checked.

Stacking: academic and summer courses are two separate *boletines* emailed as Word files. The academic one does allow ticking Trimestral + Semestral + "Curso Anual". Spring plus summer would be two enrolments, and there is a **nine-day teaching gap, 15–23 May**. Two enrolments reach 11 Jan → 27 Aug = 229 days for €4,307.

Beginners: a dedicated *Español Inicial* course starting 5 Oct 2026 and **11 Jan 2027**; also A1 in July and August, but **not** in the May–June intensive. Levels A1–C1. Class size not published. **ECTS: none published** — Oviedo gives hours only. Award: *Certificado de Aprovechamiento* at 80% attendance plus the final exam, otherwise a *Certificado de Asistencia*.

Insurance not sold, and a copy of your own policy is required at enrolment. Payment by transfer only, single payment, **30 days before the start** — though the *boletín* says 15 days, and the two published deadlines conflict. Host family full board: **price not published**, quote by email.

EVERY 2027 PRICE IS PROVISIONAL

The tariff PDF is headed "*Calendario y tarifas **pendientes de aprobación** en el periodo 1-1-2027 a 31-8-2027*", and each course page repeats "TASA PENDIENTE DE APROBACIÓN". The August page still shows €900 and 2026 dates against the tariff's €960 and 2027 dates.

THEIR OWN SITE GIVES TWO DIFFERENT PRICES FOR THE SAME COURSE

The administrative page says **€1,575 for 300 hours**. A marketing microsite says **€2,880–3,380 for 315 hours**. Every file on that microsite dates from **September 2022** and its catalogue PDF is literally named "220908 CATALOGO BORRADOR-3.pdf" — a draft. **Treat €1,575 as current** and confirm before paying.

NO REFUND, IN ANY CIRCUMSTANCE

"De acuerdo con la Ley de Tasas y Precios Públicos **no se devolverá el importe pagado en el curso o actividad (aunque se trate de una causa de fuerza mayor) con una única excepción: que el curso no se realice.**" — "the amount paid will not be refunded (even in a case of force majeure), with a single exception: that the course does not take place."

No >180-day product exists, and the enrolment system uses one opaque activity hash per course — each of the six workshops is a separate inscription. Level test costs **€5**, provisional certificate €3. **Three calendar days to pay** after enrolling or the place is lost. Groups of 10 to 20; under 10, the course may be cancelled. Award: a diploma stating level, hours and mark, at 80% attendance. Accommodation via VIMUR, the university's matching platform — no prices published, and its public page still carries a maintenance notice dated **January 2012**.

Visa documents: "Visa information" is listed as an optional service. No admission letter or enrolment certificate is named. Not published.

Centro Internacional del Español — Universidad de Burgos

The only course in Spain that states in writing that it meets the study-visa requirements. 310 days for €3,000 — and enrolment closed in July 2026.

EVERYTHING ABOUT THIS PRODUCT IS BUILT FOR A VISA APPLICANT

310 days in one indivisible enrolment. Every enrolment form carries a built-in field: "*¿Necesita carta de Admisión para solicitar un visado?*" — "Do you need a letter of admission to apply for a visa?" The price includes materials, cultural activities, the level test, the diploma, university services and **an accommodation-finding service**. Levels **A1 to C2**, beginners accepted. Class of 5 to 12.

Refund on refusal: full, **minus a €400 retention**. And they arrange the housing themselves — "*nosotros te tramitamos la reserva, pago al llegar*" — with a published rate of **€33/day** single room.

AND THE WINDOW CLOSED ON 17 JULY 2026

The next opens around **late April 2027**, for the course starting **August 2027**. All that is bookable for January is the 15-day intensive at €150.

Keep this one. If January 2027 proves difficult, Burgos in August 2027 is a cleaner product than anything else on this list.

Note: the regular semester courses **start at A2** — a true beginner cannot enter them. Single payment by transfer to CaixaBank IBAN ES12 2100 9168 6122 0005 6722, at least a week before the course. Award: "*certificado oficial de la Universidad de Burgos*"; **6 ECTS** for the 50-hour course, 5 for the 40-hour intensive. General cancellation: 10% at 15 days' notice, 40% at 5–15 days, nothing after.

STALE

The B1/B2 accreditation page lists a 2022 calendar; "¿Cómo venir a Burgos?" last updated November 2021; the online shop's product URLs still read regular-course-a2-autumn-2020. Real enrolment happens through the ubu.es webforms, not the shop.

Centro de Lenguas — Universidad de Almería

A good annual course at a good price on the Mediterranean — and unusable for you on three separate counts.

WHY IT DOES NOT WORK

- 1. **Nothing starts in the first half of the year.** All twelve published Spanish courses begin 1 October 2026. There is no second-semester course and **no summer course** — the summer page exists but returns zero results.
- 2. **Enrolment closed 20 September 2026.**
- 3. **No refund if your visa is refused** — see below. And no visa document of any kind is described anywhere on the site.

"**No se considerará causa justificada para la baja de su matrícula y devolución de precios la denegación del visado o similar.**" ... "**En los casos de denegación del visado... no procede la devolución de precios, ni será posible transferir el importe a otra persona.**"

"**Visa refusal** or similar **shall not be considered justified cause** for withdrawing your enrolment and refunding fees." ... "In cases of visa refusal, **no refund is due**, nor may the amount be transferred to another person."

The one concession: the amount may be applied to another course **within the same academic year**.

For completeness: the annual course is genuinely good — 600 hours at 20 h/week, 60 ECTS, two instalments, and 255 days. Beginners accepted, no admission requirements. Class of 7 to 16. Award: *certificado de aprovechamiento* with ECTS at 80% attendance plus the exam. Discounts of 10–20% for early enrolment. Accommodation not offered.

THE SITE CONTRADICTS ITSELF BADLY

Their FAQ quotes an entirely different price structure — "ANNUAL 120 hours, €600" — against the live catalogue's 600 hours at €2,700, and links to dead URLs. The discount policy PDF is headed "**CURSO 2017-18**". The live booking data is the reliable source; the public pages are not.

The nine, compared

Everything that matters, on one page

UNIVERSITY	JAN 2027 PRICE	DAYS	H/WK	ECTS	REFUND IF REFUSED	VISA DOCUMENT	LIVING €/MO
Cáceres — IELE	2.500	341	20	none	−€150 BEST	Offer + Admission letter	535

Which will sell you a long enrolment, and how

UNIVERSITY	BOOKING SYSTEM	CAN YOU STACK?
León	Five checkbox groups, one submit, one payment	Yes — genuinely, with a published discount
Zaragoza	Twelve checkboxes, no limit	Yes — but the courses run out at 7 July
Oviedo	Word <i>boletín</i> emailed; two separate forms	Partly — academic terms yes, summer no
Cáceres	Ticket list with no dates at all	Not needed — one product already spans the year
La Rioja	Single-choice dropdown, no summer option in it	No
Murcia	One activity hash per course	No
Almería	Hidden single CodCurso field; every course flagged "paquete": 0	No — no bundle products exist in the system
Burgos	Single-select "Escoja una opción"	No
Santiago	Login-gated — could not be inspected	Unknown

Cáceres — €2,500 — 11 January 2027

It clears 180 days **in a single product**, so nothing depends on stacking or on a consular officer granting the extra 45 days. It is **less than half** the price of the only other option that gets there. It sits in the cheapest city in Spain to live in. It has the most complete visa paperwork of the nine and the second-best refusal clause. And it lets you postpone free if the visa is merely slow.

Its two real weaknesses: **no ECTS at all**, and a booking system that records no dates — so get the dates in writing before you pay.

Before you commit — three emails

TO	ASK
seciele@unex.es Cáceres	Confirm 11 or 18 January , and the end date. Confirm the enrolment certificate will state the full period, total hours and weekly hours. Ask whether the year can be certified as a curso preparatorio for a UEx master's.
idiomas@unileon.es León	Does the three-term package rate apply across the 2026-27 / 2027-28 boundary ? That is the difference between €5,725 and €6,325. And what are the 2027 summer prices?
ele@unizar.es cc elever@unizar.es	Can the January block plus intensives plus Jaca in August go on one enrolment? What are Jaca's 2027 dates? That is what turns 178 days into roughly 229.

WHAT THIS DOCUMENT DOES NOT SETTLE

USC's Spring end date — genuinely unpublished in both languages; the ~2 June figure is derived, not theirs.

USC's booking system — behind a login, so its combinations could not be checked.

León's package rate across academic years — only a form submission can confirm it.

Murcia's price — €1,575 and €2,880 both appear on their own site.

Oviedo's 2027 prices — all marked *pendiente de aprobación*.

Jaca's August 2027 dates — not published.
